Irresistibly Unica Pure

Unica Pure is a premium range of wiring devices, leading in the Indian market. It is made using advanced, innovative and patented technology. Upgrade your clients' homes with this safe, sturdy, convenient, and sustainable range.

For sheer elegance, nothing comes close to the luxurious look and feel of Unica Pure switches. With a sleek, square design and faceplates made with authentic wood, metal, and glass materials, Unica Pure truly adds a touch of sophistication to any space.

Irresistibly Futuristic

Unica Pure switches with Six Patented technologies

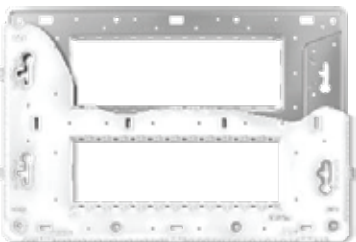

Life Guarded Sockets

Eliminate possibility of Single Pin Insertion making it extra safe for children.

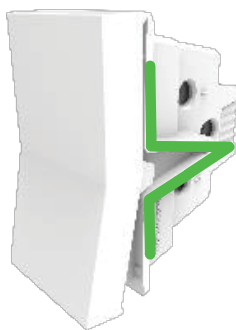

Facile & Guarded Technology

Reduces tension in the switch rocker & increases the longevity of the switch

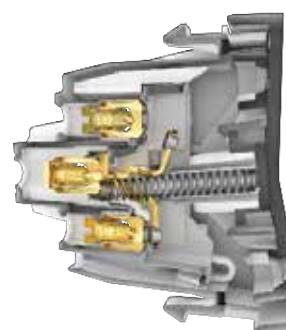

Key Hole Feature

Angular and linear adjustments of the gridplate can be easily achieved

Adjoining (V) Feature Technology

Ensuring perfect alignment of switches

Self Piercing Terminal

Ensuring completely safe, robust and fast installation

Irresistibly Beautiful

Ingenious Design:

Unica Pure has an iconic demarcated switch dolly depicting a clear on/off mode of the switch. The signature line on the cover plate adds its elegance and style.

Bridgeless Frames:

This switch has no unnecessary lines interrupting its form and aesthetic adaptability.

Authentic Materials:

It is made with glass, wood and metal. Unica Pure is developed from high-quality natural materials.

Irresistibly Safe & Durable

Self-Piercing Terminal (Patented):

This ensures completely safe, robust and easy installation.

Facile & Guarded Switch Technology (Patented):

There is reduced tension in the switch rocker and increased longevity of the switch. This latest technology also makes the switch operation smooth, soft and convenient.

Binete & Insulated Grid Plate:

It is made of CRCA steel and over-moulded PP insulation, ensuring a robust, rigid and shockproof grid plate.
